

GALAKTIONI DANELIA

Customer Success Manager

Tbilisi, Georgia · Remote (GMT+4) · galadanelia1@gmail.com

SUMMARY

Customer-focused professional combining a proven sales record with hands-on software engineering. Spent over a year as the sole salesperson at a real-estate firm, closing a deal every month, then several years building the CRM and SaaS platforms customer teams depend on. Now focused on Customer Success, where relationship-building and technical fluency directly drive onboarding, retention, and growth.

CORE SKILLS

Customer Success · Customer Onboarding · Customer Retention · Account Management · Client Relationship Management · Stakeholder Management · CRM platforms · SaaS · Customer Support · Technical troubleshooting · Sales

EXPERIENCE

- Front-End Developer — [Current Company]

[Start] – Present

 - [Add 1–2 lines about your current role, framed toward users and stakeholders.]
- Software Engineer — Omedia

May 2023 – May 2024

 - Built and maintained web apps and internal business tools used by teams daily.
 - Partnered with stakeholders to ship features; learned products from the user's side.
- Web Engineer — TBC, Uzbekistan

[Dates]

 - Developed internal CRM and business platforms that operations and support teams rely on.
 - Improved workflows and drove adoption of the tools with stakeholders.
- Front-End Developer, Intern — UniLab, Tbilisi

Dec 2021 – Apr 2022

 - First step into tech; built user-facing interfaces and learned to ship reliable software.
- Real-Estate Sales Specialist — DK Investment, Tbilisi

Jan 2020 – Jun 2021

 - Sole salesperson; closed at least one deal every month for a full year.
 - Built and maintained daily client relationships from first contact through close.

SELECTED PROJECT

- Custom Operations Platform — Auto Import Company
- Built an end-to-end internal platform replacing manual spreadsheets, improving how the team and its customers tracked operations.

EDUCATION & CERTIFICATIONS

[Add education and any Customer Success certification — a short CSM course adds credibility.]
